<i>Aventuras Summer Camp</i>	
<i>June 17 to 21</i> <i>Spanish speaking countries</i>	Each day children will learn important facts about Spanish speaking countries. They will learn their flags and important cultural facts. In addition we will invite Spanish native speakers to share something representative.
<i>June 24 to 28</i> <i>Animal Planet</i>	During this week children will learn about animals, each day we will learn one from the following classification: Mammals, insects, Birds, Fish, reptiles and the last day we will have a visit from Piedmont Wildlife Center. https://www.piedmontwildlifecenter.org/
<i>July 1 to 3</i> <i>Fiesta in the USA</i>	This will be a three day camp. We will get ready to celebrate the Independence Day from this wonderful country. Learning some important landmarks and making art projects, like a tie dye shirt. Children can bring a souvenir from any US state and show it to the class.
<i>July 8 to 12</i>	<i>School Closed</i>
<i>July 15 to 19</i> <i>Science and STEAM</i>	These five days children will make experiments and also some STEAM (Science, Technology, Engineer, Art and Math) learning experiences, that include learning about solids and states of matter. On Friday we will have the visit from Raleigh Fire Station 23 .
<i>July 22 to 26</i> <i>Música</i>	During these five days, our children will create musical instruments and also use them to sing songs in Spanish. They will learn one different song each day.
<i>July 29 to August 2</i> <i>Juegos and Juguetes</i>	This week, students will enjoy having fun creating toys and using them outdoors with this wonderful warm weather.
<i>August 5 to 9</i> <i>La cocina</i>	The final week of our summer camp we will have popular recipes from hispanic culture and we will celebrate our final summer season by having a Luau party .
